

SUBODH KUMAR

DATA ANALYST | POWER BI | SQL | PYTHON | EXCEL

New Delhi, India | +91 8210778369 | subodh.dataworks@gmail.com | <https://www.linkedin.com/in/subodh-kumar-3520503ba/> | <https://github.com/subodhdataworks> | <https://my-portfolio-subodhdataworks.vercel.app>

PROFESSIONAL SUMMARY

Data Analytics Intern building **Power BI** dashboards and reusable **DAX** measures from SQL, Excel, and Power Query data. Transforms operational and payment data into reporting views that improve data integrity and support faster stakeholder review. Combines **Python** with dashboard development to streamline recurring analysis and reporting.

SKILLS

Technical Skills: SQL | Power BI | Python | Tableau | Excel

Analytics and Reporting: Data Modeling | Data Transformation | Data Validation | Statistical Analysis | EDA | Power Query

Business Intelligence Delivery: Dashboard Development | KPI Reporting | Stakeholder Management | Business Analysis | ETL

Soft Skills: Problem Solving | Analytical Thinking | Adaptability | Stakeholder Management | Continuous Learning | Teamwork

EXPERIENCE

Data Analytics Intern | Codec Technologies | Remote

Apr 2026 - Jul 2026

- Built **3 interactive Power BI dashboards** using SQL, Excel, and Power Query, centralizing business performance and KPI tracking for stakeholders.
- Developed **10+ reusable DAX measures** and standardized datasets through SQL, Excel, and Power Query, improving data consistency and reducing repetitive reporting work.

Operations, Procurement & Reporting | Ganesh Foundry & Castings Limited | Muzaffarpur

May 2020 - Dec 2025

- Managed **5+ years of purchase, sales, inventory, and operational data** in Google Sheets, maintaining daily/monthly MIS reports and dashboards for management analysis.
- Tracked **170+ tonnes/day of Furnace production** and **120+ tonnes/day of Rolling Mill production**, recording production, consumption, scrap, stock movement, and reconciliation.
- Processed and monitored **100+ tonnes/day of finished-goods dispatches**, maintaining party-wise, truck-wise, weight-wise, and product-wise records for TMT Bars and Square Patti.
- Recorded and reconciled **₹6.5+ lakh in daily cash transactions**, while maintaining Scrap and Sponge Iron purchases, advances, supplier payments, freight, diesel, and other operational expenses.

PROJECTS

PhonePe Payment Analytics Dashboard [Power BI | Power Query | DAX] [GitHub](#)

- Built an interactive **Power BI** dashboard analyzing **300K+ digital payment transactions** worth **₹3.47B** across **108K unique users**, achieving a **96% successful transaction rate**.
- Delivered trend, demographic, and usage-pattern analyses through **KPI cards, DAX measures, and interactive filters**.

Starbucks Beverage Analytics Dashboard [Power BI | Power Query | DAX]

- Cleaned and transformed raw beverage data using **Power Query** and built **DAX measures** to analyze product categories, nutrition, and caffeine patterns.
- Designed an interactive dashboard with **KPI cards, bar/donut charts, map visuals, and slicers**.
- Identified the Top 5 highest-caffeine beverages and compared categories on calories, sugar, and caffeine. [GitHub](#)

EDUCATION

Master of Science, Computer Science - Machine Learning & AI Engineering, AlmaBetter / Woolf University, 2026

Master of Science, Information Technology, Sikkim Manipal University, 07/2017

Certifications

Microsoft Certified: Power BI Data Analyst Associate (PL-300), 09/2026 [Certification Link](#)

Professional Certification in Data Analytics & Business Intelligence, AlmaBetter

Deloitte Australia & Tata: GenAI-Powered Data Analytics Job Simulation

Working Effectively with Stakeholders, Google, Coursera, Aug 2026

ACHIEVEMENTS

- **2nd Prize, AI Innovation Challenge (2026):** Secured 2nd Prize as a member of Team Psytech for developing **NeuroSathi**, an AI-based project addressing a real-world problem.
